

Wizard of Oz

LYRICS

DOROTHY

In the books that I read
Everything is so nice
Everybody is kind
In the story of my life
There are no colours
It's boring and sad
I have to play alone
Every day is the same
I wonder will it ever change

Dah dah dah
I want to play and change my
routine
I want to laugh and dance on
my feet
I want to choose my own destiny
Like in the books I read
Cause in a world full of fantasies
My dreams will come true
I want to share my life with friends
Where nobody's blue

My life has no colours,
That's why I would like to paint
Like a beautiful rainbow that
never
never ends
I need a little magic
So that I that I can change
This boring spot
Into an amazing place
Dah dah dah

SONG 4 FREE LIKE A BIRD

SCARECROW

Little by little I can
Move my legs and knees
I can move
my hands and grow
Little by little I can make my dreams
come true
Little by little I become human like you

Now I can move, move, move
I can move my legs
And walk, walk
Very fast
I know the sun
In the morning
Comes out for me
I feel that I'm free
I'm free like a bird

Little by little I see
People come close to me
I see all
That I can be
Little by little I see
Happiness coming to me
I have a brain
So I can start to live

Now I can move, move, move
I can move my legs
And walk, walk,
Very fast
I know the sun
In the morning
Comes out for me
I feel that I'm free (repeat)
I'm Free like a bird (repeat)

TINMAN

Sometimes I think of what it was
Sometimes I think of what would be.
If I had a heart like the one I lost
I could love again like I loved before.

I just, I just want
One heart, one heart
I just want to have a heart
No matter what it's made of
I don't want to be
Without one
One heart, one heart
I just want to have a heart
It don't care
What it's made of
If it holds
If it holds
Lots of love

Sometimes I think of yesterday
I cried when I listened to a bird sing
I was moved by so many things
Because I had a heart
And I could feel

I just, I just want
One heart, one heart
I just want to have a heart
No matter what it's made of
I don't want to be
Without one
One heart, one heart
I just want to have a heart

It don't care
What it's made of
If it holds
Lots of love (repeat)

It don't care
What it's made of
If it holds
If it holds
Lots of love

SONG 6 YOU ARE WHO YOU ARE

LION

I'm a big lion
The king of the jungle

I've got my huge mane,
my claws and my fang
but I'm such a coward
I can't scare a thing.

I'm the king of this land
I should fight, I should stand
But I run and hide
Cause I'm scared in the end

You are who you are
you cannot change that
I m a big lion
but I feel like a cat. (repeat)
I'm a big lion
but I feel like a cat. (repeat)

(You'll find the land of Oz!)

WITCH

There is no witch
In the world as bad as me
I feel strong
When I do wrong
Yes, I do, my dear

My way
Is natural
Being bad
Is normal
Because cruelty
Seems nice to me!

I'm the witch of the West
I'm the best
Yes! No more no less
Doing wrong
keeps me strong
I have no heart
I don't like love
I'm the witch of the West
I'm the best, yes
Well, can't you guess?

I have no heart
I never laugh
No way (repeat)
I have no heart
I never laugh
No way (repeat)

SONG 9 THE MAGIC FRIENDSHIP

SCARECROW

It's here where fantasy starts
It's here where friendship grows
It's here, right here where magic's yours
It's here where dreams unfold

LION

Stop!

TINMAN

What 's wrong?

SCARECROW

Here I am
Here I'll be
And we'll show them
What friendship really means

DOROTHY

My friends are the magic
That makes me fly
My friends are the spark
That makes me shine

LION

Nothing!
I'm happy you guys are here

TINMAN

We're happy that you are here

ALL

We have to stay together now!

Let's stay together
Together as friends
Because we love each other
And it really makes sense
I'll be there for you
You'll be there for me
You'll see how nice
This friendship is

I need a friend like you
By my side
Because I feel so happy with you
In my life
I'll be there for you
You'll be there for me
You'll see how nice
This friendship is

SCARECROW

Together right to the end

TINMAN

Together right to the end

Let's stay together
Together as friends
Because we love each other
And it really makes sense
I'll be there for you
You'll be there for me
You'll see how nice
This friendship is

F-R-I-E-N-D-S

WE'RE BUILDING THE ROAD

ALL

We're building the road
We're building the road
We're not afraid to dream
We make our destiny,
Our joy
We're building the road
We're building the road
If you can dream it, you can do it
We'll find our way back home

SCARECROW

We have reached our goal today
We made it as a team

LION

Don't you know
That inside your heart,
Hope can always live?

TINMAN

Just work hard
Cause that's the way to make
Your every dream come true.

DOROTHY

Share your love
Give your love, my friend
And it will happen for you!

ALL

We're building the road
We're building the road
We're not afraid to dream
We make our destiny,
Our joy
We're building the road

If we can dream it, we can do it
We'll find our way back home (repeat)
